State of Iowa
County of Dallas

Notice was previously given that ITC Midwest LLC (ITC Midwest) (Petitioner), with its principal place of business at 123 5th Street SE, Cedar Rapids, Iowa, 52401, proposes to build a new 69,000V transmission line from ITC Midwest's Redfield Substation to the Dallas-Guthrie County line in Dallas County, Iowa. The proposed line is being built as part of transmission system upgrades in the Redfield area. Prior to construction of this transmission line and easements sought, ITC Midwest scheduled a Public Information meeting at 10:00 a.m. on October 6, 2016 at the Redfield City Hall to present a summary of the legal rights of affected landowners, discuss the project and answer questions. ITC Midwest has determined that additional landowners will need to be notified of the informational meeting, therefore this meeting has been cancelled and will be rescheduled at a later date. A new notice will be given once the date and time has been set.

Dated: September 26, 2016
Tim Tessier, Manager
Regulatory Strategy
ITC Midwest LLC
